I want to take a brief moment away from purple donuts, memes, and DD on our beloved GameStop and just say thanks to ALL of you.

This community has been amazing to watch grow and stand up for what is RIGHT. After all the FUD we have been through, we have done nothing but LAUGH, continue to point fingers in the right direction, and most of all....HOLD... with everything going on in the world,economy,etc I feel we are verrryyyy close to the thing... we have played this game for so long, and we're about to absolutely destroy the final boss.

Let's do it the way we've planned. Know your floor and sell accordingly.... Be patient as you have and don't give in. They've shown no mercy, why should we?

Thanks again fellow apes and holders alike.

I'm not selling until I see phone numbers
