I've seen Patrick M. Byrne, CEO of Overstock, regularly featured in top posts on Superstonk due to his outspoken criticism of wall-street "mischief" and his support of crypto technology.

Reading over his [wikipedia article](https://en.wikipedia.org/wiki/Patrick_M._Byrne) (and assuming it's accurate), he seems to be involved in many far-out conspiracy circles. What ethos does Patrick M. Bryne have when it comes to the discussions around GME?

Is this guy legit?
