We now know that the 4 and 1 in the formula is 4 for 1. What does the 7 mean?

If we start with 741 then go to  $7(4*1)$  what do we get?  $4*1 = 4$ . So that part of the equation is done. Now, plug in the rest.  $7*4 = 28$ .

What if we're getting 3 shares for every 1 GME Share we own of GME, and then 7 Shares of GMERICA Entertainment LLC for every 1 share of GME?

TL;dr:

4 for 1 GME

$7(4*1) = 28$  for GMERICA Entertainment LLC
