1. Shitadel took the wrong side of a bet.
2. They fucked with gamers & lost.
3. I remember fondly Toysrus & Blockbuster.
4. RC & #GME are on an upward trajectory... heading at pace into brand new marketplaces, that will be supported by gamers backed by a multi billion worldwide industry! \*\*(Yes with an online platform our international friends can support the business!! opening up a customer base far bigger than they have ever experienced before IMO)\*\*
5. Crypto partnerships are another string to Papa RC's significantly BIG Bow!
6. I like the stock, no financial advice - BUY / DRS / HODL and enjoy the ride!
