The recent premarket action on gme got me questioning....and I started looking at other tickers

[Sudden drop...](<https://preview.redd.it/ulsxert8fuy81.png?width=1571&format=png&auto=webp&s=93b9859994ec73aa866cc81c27191482aedef91c4>)

Let's see the others

[Drop...](<https://preview.redd.it/2qmpkkbbfuy81.png?width=1061&format=png&auto=webp&s=fcc9b73f97ba830cb7c41466b8634eeb82196d81>)

[Drop...](<https://preview.redd.it/5gf2gu4dfuy81.png?width=3266&format=png&auto=webp&s=2159e3a0af7806b487b4e82b5d80fd3e1b23e800>)

[Even the Big Coin dropping at the exact same time](<https://preview.redd.it/4i0lbtpefuy81.png?width=1925&format=png&auto=webp&s=bd547f9f086e8d5e56535fe3175ac4320529b711>)

But I continued to browse tickers and something didn't seem right...

[Wtf?! at the exact same time as the drop?](<https://preview.redd.it/e8ixkstifuy81.png?width=2725&format=png&auto=webp&s=ce693f4c49a5251d306038f1c5af50a0117be4a3>)

[And another one..](<https://preview.redd.it/qzb83wskfuy81.png?width=2657&format=png&auto=webp&s=50bba1733dc518a2ecc23070491e0d0ea3fb71e6>)

I always thought before GME starts, there will be shorts liquidated and also forced to cover their other short positions, basically GME should come in quite at the end of everything, since no one wants to set the fuse to this deal...so, you tell me, what's the reason for this market movement?
