I was listening to Apple 1 music and they had an interview with Royce Da 5'9 about his new track Caterpillar with Eminem. Apparently he has released the track as an NFT.

He was asked what it was like when he talked to Marshall about the direction he wanted to go with the track and if Em had gotten into NFTs.

I shit you not, his words were "Oh yeah, he's an APE"!

Now to clarify there was no mention of specific stocks or specific NFT marketplaces, but i sure as hell went from 6 to midnight when I heard that!

GME to the moooon!!!!

Show was titled Interview with Royce Da 5'9 with Ebro Darden if anyone wants to hear for themselves.
