I know there are many theories around 741, but this might be one of the most simple explanations.

Theory: Ryan Cohen's 7:41 tweet timestamp was for 'July, 4:1 split'.

I don't have Twitter, but did he tweet at 7:41am and 7:41pm? If he alternated am/pm, that would convince me even more that he meant a 'split'

Thoughts?

DRS is the way!
