Someone at GameStop please reach out to me!!

Ok so I have an epic idea that I've thoroughly planned out.. it will literally disrupt an entire industry and also bring hope to humans in general!! I need developers and a whole team to put this together.. I want to work with GME to further expand metaverse and NFT mission.. everyone I've told so far see how epic my idea is I just don't want to give it away though it's literally game changer.
