I have 3,000 shares of Sears, bought during rise of the zombie stocks last year...yeah nah, was a mix of FOMO and being drunk or something, BUT one day they will make me happy or my grandkids...my daughter now in 1st class in school, I have plenty of time

I can still trade Sears in my ING bank depot...but not in my IG broker app

Look at me, Kenny- who is the expert now? I am accessing your "expert market"...
