

Title: Does it exist any updated DD on GameStop that just focus on the company? No naked short theories.

I have friends who hate everyone that invest in GME. They say it is because no one who promotes GME can explain why it's a good company except MOA\$\$.

Me personally think GameStop is a great company even if MOA\$\$ don't happens. But i suck at explaining stuff. I would love to find a DD that sumerize everything Ryan and his team has done with GameStop so far.

I searched the DD library but all of the DD focus on naked shorts or other forms of manipulation. Im looking for info about the company without short squeeze stuff.

Any help is appreciated.
