Hi, I wanted to do my part and began to look what I can find on Google about GMERICA.

I think it is very mysterious, because the term GMERICA can only be related to GameStop and it was licenced by Gamestop as a trading mark.

If you try to find information about the company, you will see that there is only one person that is acting.

What do you all think. Is this a try to make profit of the situation, like maybe the person who secured the wallet name and GameStop was asking to contact?

Here is a link you can get some infos from. The homepage is a commercial register I think.

I don't know what the fuck this is, but maybe it is something.

EDIT: the ape u/Sparmoro found out that on the exact same date GMERICA INC. was founded in Canada.

Here's the link https://www.ic.gc.ca/app/scr/cc/CorporationsCanada/fdrlCrpDtls.html?corpId=13304183&V;_TOKEN=null&crpNm;=Gmerica&crpNmbr;=&bsNmbr;=

This can't be a coincidence that in two countries the same named companies get founded on the exactly same date. Either we have to do with a group of assholes that want to make profit by securing the name-rights, or...I don't know.

I can't post on Superstonk, maybe someone can post this there too.
