I recently made an order of some clothing from my favorite store during the Pro Days event. Joggers, hooded-shirts, and T-shirts

This shit is comfy as hell!!!! Not gonna lie I am hella impressed. I was expecting basic run of the mill type clothing. This stuff is niiice.

Then my regret sank in. I only ordered 2 of each....

I panicked and rushed to the website but no luck, sale was over.

So I said what the heck....

I jumped on the twatter. And sent them a twat.

I ask them if pretty please I could order more and get the hook up on the sale price.

They messaged me back and hooked me up proper. Gave me the same pro day deal and free shipping. even though my order ended up being less than \$50 after the discount. (Gave me the discount as a refund to my card after purchase shipped)

2 more joggers and hooded shirts just showed up today.

TLDR:

Read above statement. GameStop customer service is fucking awesome!
