The main reason I was holding off DRS was because I had my GME shares on etoro and couldn't transfer them out, so I had to sell them and the re-purchase on IBKR (IEX) to DRS.

It took a month to set up my account (2 weeks per letter) for the first batch. This one took 3 days from submitting the DRS request at IBKR for them to show up in my CS account.

Whilst I was at it, I thought I might as well send some other stonks to Computershare for safe keeping.
