The leadership of a company is the base for the shareholders to believe in the company, imagine if your CEO or Chairman is just insulting you in public.

You are not happy here because we are pair of douchbags, just leave the company.

Thats why Ryan Cohen and all his team is leading us to the best world in gaming, nft's and other stuff, the gratification of the customers and shareholders is the key to success.

That's why are are winning, because we are the best shareholders in the world "Matt Furlong"
