"I like to go all in. When I find something I believe in, I make concentrated bets."

"It's all about how quickly you can scale and grow the company."

"The vision from the beginning was really to build the largest pet retailer in the world"

"If you're in the business of delighting your customers, you can be very successful"

"We differentiated ourselves by being the category experts."

"The governor of growth has always been free cash flow so we've always been very disciplined about that"

"I like scale, I like disruption and ultimately I like opportunities where we can delight every customer."

"When I find something that gets me excited, I swing for the fences."

"To the extent that retailers are focusing on creating amazing in-store experiences, then I think the Omni channel strategy makes a lot of sense."

"I'm contrarian."

"It was a low margin business that required getting to scale in order to make the economics work"

"In today's e-commerce I think it's important to perfect that flywheel of fast shipping, being competitively priced, and having the best selection."

"The strategy has always been about scale and market leadership and building a really big business"

"We really differentiated ourselves by being the category experts and really bringing a face to e-commerce"
