I was kind of hoping to get these bought at \$200.00 a share or higher, but it seems we had a wild ride this week! This one rounds up to +5 new full GameStop shares on Computershare with the previous fractions on the account.

Hopefully my next batch will be bigger, I don't mind if it's also with a higher price average as that's where I believe this is headed out anyway (not financial advice, do your own decisions).

The price's fake anyhow so...;-)

[Some new sweet GameStop shares DRS'ing in shortly!](<https://preview.redd.it/23kw8srf5sq81.png?width=1318&format;=png&auto;=webp&s;=51ca60c0eaac9219ec9b39d302ce4a65f23a6027>)
