Fitch just downvoted Russian solvent to "C"..

All I understand is that marge will call 📞■

Two days before someone tracked Kenny's?! Jet 50km before Russian border. Is he shitting his pants cause the russian investments will be liquidated like the domino day.. brick by brick in a very short time?

Today apple presents something new (big)?

There are many posts in different subs that show the 10. March as an absolutely interesting date..

Can someone figure out what's happening and what that means for Gme the next days?
