

Title: I gather from this that the "last NFT feature" could indeed be what's holding GME's marketplace announcement back. Also I gather that "clients AND Partners" is a nod at GME waiting for the off ramps. Finally I gather that "our best efforts" is sorry about the delay that postponed the Q4 announcement.

...

It won't take long before the last NFT feature is done. We have added so many of them on demand, and will continue support our clients and partners with our best efforts. Long crypto, long hard work.
