Thank you for reaching out, my name is Megan and I am happy to assist you today.

Here is an explanation regarding our reorganization fees that we charge:

The \$38 Reorganization Fee corresponds to Mandatory Corporate Actions. TD Ameritrade charges this fee when there is a reverse stock split, a mandatory (mandated by the issuer for all outstanding shares) cash merger, or potentially on some share exchanges where stockholders have no choice in the reorganization. These actions are not an open market transactions; they will require TD Ameritrade to re-register the affected stock and/or manually remove them from accounts. To cover the manual processing costs, we charge your account with a \$38 Fee.

The disclosure of this fee can be found by following this link: <http://www.tdameritrade.com/ratesfees.html>

If you have any questions, please reply to this email or call the Reorganization Department at 888-723-8504, option 1. We are available Monday through Friday from 9 a.m. to 5:30 p.m. ET, excluding market holidays.

As always, we appreciate your business at TD Ameritrade. I hope you have a wonderful Tuesday!

Best regards,

Megan Landon
