other commodity and equity contracts) with a positive fair value, as determined under FASB Interpretation No. 39 (FIN 39); and other assets. Excludes the due-from position with related foreign offices which is included in line 38. Excludes most securities held in trading accounts (included in line 2); trading account securities at some smaller domestically chartered commercial banks are included in this item.

22. Includes subordinated notes and debentures; net deferred tax liabilities; interest and other expenses accrued and unpaid; accounts payable; liabilities for short positions; derivative contracts with a negative fair value, as determined under FASB Interpretation No. 39 (FIN 39); other trading liabilities to which fair value accounting has been applied; and other liabilities.
23. This balancing item is not intended as a measure of equity capital for use in capital adequacy analysis. On a seasonally adjusted basis this item reflects any differences in the seasonal patterns estimated for total assets and total liabilities.
24. Difference between fair value and amortized cost for securities classified as available-for-sale under FASB Statement 115. Data have been adjusted to include an estimate of tax effects, omitted from the reported data.
25. Difference between fair value and amortized cost for Treasury and agency securities, mortgage-backed securities (MBS), classified as available-for-sale under FASB Statement 115. Data have
