The image is a screenshot of a mobile application interface, likely Yahoo Finance, showing search results for the ticker 'iwm'. The interface has a dark theme. At the top, there is a status bar with the time '1:17', signal strength, Wi-Fi, and battery icons. Below the status bar is a search bar with the text 'iwm' and a 'Cancel' button. The search results are listed in a table-like format with alternating rows. Each row contains a ticker symbol, a description, and a value. The values are color-coded: red for negative percentages and green for positive values. The bottom of the screen shows the 'yahoo/finance' logo and a home indicator bar.
