I hope you all received the GME dividends you are entitled to and few people had the same issue as me. I decided to post here just to have an idea on how big the issue is.

As the title says, Jyske Bank (Denmark, using IBKR) did not credit the dividends on my account yet. On local time, now is 22.Jul.2022 - 16:10 (US Markets open at 15:30 for me). The support number of course is closed.

Is anyone else living this issue? I would like to know if the issue is with the bank or IBKR.. My other accounts (ComputerShare and Nordnet are fine.
