So about a year ago I read a post about GME and a movie chain merging. It talked about these like gamer lounges where you could play games and watch movies. So I being the degenerate I am decided to go all in and try and build one. I sold all of my shares and bet on myself. Then continued to bet on myself.

Needless to say over 200k and 9 months of my life that's my current loss. I showed the hobbit last week, not 1 person came, anchorman last night, and not 1 person came for the movie.

Let this be a lesson, I don't know what that lesson is but let it be a lesson.
