

Title: I wish to take this opportunity to thank all of you wonderful apes for your words of hope and support about my plight with my broker. And I also want to clarify my numbers because I'm afraid I may have worded it in a confusing manner.

Again, thank you all you apes for all your kind words for my situation with my broker Scotia iTrade for which I made a post about here, https://old.reddit.com/r/DDintoGME/comments/wkwt41/mod_if_this_is_not_allowed_please_remove_apes_i/

In it, I said I'm missing or am owed 735 shares.

To clarify, I had DRS transferred 245 shares from Scotia iTrade and those arrived at Computershare on July 20th. And on July 18th, the stockholder of record date, those 245 shares were still with Scotia iTrade.

Therefore, I am owed $245 \times 3 = 735$ shares. I received a few DMs and all were kind words of support from fellow apes and one DM made me realize I may have worded my post in a confusing way.

The 735 shares that should've been given to me for the 245 shares I owned on stockholder of record date of July 18th at Scotia iTrade haven't been given to me and that's the problem.

Thank you again and I will update with any progress, good or bad after I've exhausted all options and avenues. Wish me luck! And thank you all again!
