So like the title says for whatever reason all of use smooth brains were actually retarded and drs,ed all these shares the price should still go up.

And idk about the rest of you but that's proof enough for me that this is rigged. From what we can see, the price is dropping, no one is selling (or at least like 90%), and people keep hodling, drs'ing.

So keep your heads up and high five the wife's boyfriend.

Idk I'm an idiot.

I like the stonk gme
