Decided to DRS 100 GME held in E*trade. I initiated on 3/10. On 3/16 I got a message saying "stock certificate requests usually take two business days of being received. Please allow three to six weeks for delivery from the transfer agent".

How long did this take other E*trade Apes? I'm sitting at five weeks now. What are the next steps? Am I notified when they are with Computershare? Any ideas?
