Hello [REDACTED]

I hope you are having a nice day and thank you so much for contacting GameStop!

I'm really sorry to read that the items arrived damaged, at this time, is not necessary to send the defective items back, you can keep them, and once the new order is received, you can donate them. The new replacement order has been successfully placed, it could take 3-5 business to receive them, the new order number is [REDACTED]

If you have additional questions please let us know.

Regards,

Luis J.
