From Canada to Nederland. Specifically for school and to live by the water. I had family in a part of the country but they've passed on. I've been practicing Dutch with my wife, and it's been alot of fun. If any apes are from The Netherlands, what is something you don't like about your country. I'm trying to collect Dutch FUD so I can weigh our options, but I'm really hating Canada the longer we're stuck here.

Also GME to the Moon, DRS..
