The chart below shows how the S&P 500 has performed since 1990, up to the previous close of the current year. This demonstrates how the index has increased over the long term, despite some decreases year-to-year during the period.

4,522.68

Current

15.81%

5-year return

20.41%

Year-to-date return

14.01%

10-year return
