Converted some of my Plan shares to Book, in the middle of the night. Called in first thing, rep told me "its impossible to stop" the sale of remaining fractional shares. I didn't accept that, so I live chatted with another rep and got a person that told me they didn't see any record of any plan conversion at all. So he said, would you like to go ahead and convert from Plan to Book, now that I have you on the line? I said yeah fuck yeah, so long as my fractional shares DO NOT GET SOLD. He said okie doke no problem guy. GME

All fractional shares gone yesterday. Just a warning to others.
