Things that are known:

The price action is...[insert any meme\].

DFVs balls are of hardened and transparent carbon with refractive capabilities.

Ryan Cohen has a small wee wee.

By themselves, these are innocuous pieces of info.

Throw them together in the flux capacitor and you get this:

The Tantric Sexanator

The entire price action from 01/21 has been one gigantic session of foreplay.

To prove that RC can move it where it needs to go, he gives just the tip (100k shares)

DFV is most probs the new Comm guy, I suspect he has been there for more than a minute.

69 = you think that you are fukn' but really I am fukn'.

SHF have been trying to keep it down - in vain. I mean, it's a lot to cup and handle.

Today we all saw a huge peek behind the curtain and under the sheets of what the real price is - the apparatus is huge.

This NFT marketplace is the equivalent of warming jelly.

NFT = Nearly Fukn' Time
