I'm an average ape just waiting to see where all this goes. Currently I have 1/3 of my GME shares in Robinhood, 1/3 at Fidelity, and 1/3 DRS'd. I wanted to get them all to Computershare before the split but had trouble with my account set up and just kept forgetting on top of that.

So now that the split has occurred, and there is all this f#€ker¥ by the DTCC and whoever else, I am unsure what to do next. Do I transfer and register the rest of my 2/3rds remaining to Computershare or do I wait for the cluster to continue to unfold?
