idgaf about these lowballer/"anchoring" dbags throwing some BS \$XXX price for GME outthere, even \$x,xxx - fuck that. I am holding for the guy who has 2, 5, 10 shares... why? well, youHF's have fucked our economy up, destroyed thousands of jobs, for the last 40 years, you've bribed, cheated and stolen your way to becoming billionaires, and that party is now over... retail.owns.you. whoever closes first loses least and may even survive... close now and you may keep your home in the hamptons, Nantucket, wherever.. but for those of you with ego to think you will survive this otherwise....your grandchildren will be on foodstamps... Not financial advice, just another smoothbrained shit thrower here who only knows how to HODL...
