I'm 100% DRSd not trying to spread fud but genuinely curious.. Title says it all . They even made it easier to DRS. Why would they allow us to do this without struggling like a fish out of water?

We've seen plenty of fuckery from other brokers and companies when it comes to gme..

I know it's probably illegal to not allow drs, but etoro etc seem to be getting away with it just fine..

Also, didn't the ibkr ceo cry on tv last sneeze?
