I suggested that we pool our knowledge to have Kenny and friends prosecuted for manipulating our beloved GME stonk bc they all belonged in jail.

The post was attacked and taken down bc it was low effort even though it is a discussion thread.

So basically low effort means they have to agree with your topic or you get banned.

I don't care. I will buy more gme and drs it and I don't need Kenny s sub to do so.

I hope he goes to jail and I hope all his little friends do too.

And anyone helping them. I hope they all get prosecuted and share a jail cell also.

I'm just wondering if anyone was interested in doing something legally about this....
