Today I approached a young man and shared the good news... The Gospel of GME APES.

He mentioned that he was not a gamer but is interested in investing.

He got into d o g e and made a cool \$200!!!!

I encouraged the young investor to research Gamestop and Volkswagen!

I shared about how GME rose from \$17 to \$430 and how RH turned off the buy button.

I dropped the magical password of DRS on him and expounded on naked shorting and DTC and getting the shares under ones name!

He told me he will definitely do his own research!

EACH ONE REACH ONE

MAY THE GOD OF DRS bless this young future ape with the desire of BILLIONAIRE\*ISM

Lets fuking go!!!
