Hi everyone, Jan 29th '21 Ape here who has finally managed to stop lurking, ironically just when lurking seems to be what the cool kids are doing.

Over this long weekend I thought you all might be able to relax, ignore any FUD, and help me make a decision.

When all this has run its course I'd like to buy a boat, nothing fancy, but something I can sail round Europe and visit archeological sites with my autistic son (that's his thing).

So here's the question for the weekend. What to name the boat?

I'd like it to be something other Apes can recognise, but nothing obvious, so I can share a nod of recognition and maybe a beer or two with you true GME Apes if our paths cross.

Problem is, so far top of the list is 'Rick of Spades' and I'd have to explain that to my family. Help.
