Cohen liked [this tweet](<https://twitter.com/MarketWatch/status/1275121576682426368?s=20&t;=A0o5-WoFedHhk65-i8iRrw>) 2 years ago. From the post: "If that decline were to happen again, Cohen would gladly be there to scoop up more shares. In fact, he said that, if the price fell far enough, he'd have no problem putting his entire net worth into it."

Based on his tweets tonight, it seems like he's expecting Apple shares to dump after earnings tomorrow, which presents him an opportunity to load up on shares. Wonder what the relevance is to GameStop, if any.
