Hi GME'ers,

I have a GameStop wallet and a few NFT's. I have some NFT's that were NOT through the Gamestop marketplace. When I look at these ones (in the Gamestop Marketplace), I can see the history and sale prices of these, but since they were not sold through the Gamestop Marketplace, I cannot put them up for sale.

Is there a way I can find out what marketplace they were sold in?

Thanks for any answers!
