Get your tits jacked and keep buying!

Just wanted to get this out there bc Im not sure the mods always have our best interest...I was permanently banned for the most bullshit reason! This just confirms that the mods running Superstonk are not doing what's best for the subreddit. Now it is encouraged to disclose your position but ALSO post screenshots of your DRS transfer in order to help track everyones positions! I have continued to message mods and new mods on Superstonk about it and never even get a response. If you become a mod bc you want control then you are not doing it for the right reason. Maybe you should become a cop and arrest the bully that slammed you against your locker...Just saying...

Sincerely,

Proud 3,000+ GME shareholder & multiple long term call option holder
