After knowing Bill Gates still have his TSLA \$500m short is not closed, I question whether he and Bezos still have their GME Shorts not closed! How many short shares? 100m shares at \$5 per share!???

Out of the blue, Gates came out on CNBC on Feb 2021 when it was at the lowest \$46 straight from the top \$483 inducing public to paperhand and calling out gambling. Why so angry about GME?

Psychologically, it looks to me that he is shorting GME. Just a random day, Gates showed up and trashing gamestop? If he has nothing to do with GME, why is he doing it? Random?

I DONT THINK SO.

It showed to me that he has got a lot of it in GME

After knowing he hasnt closed his TSLA shorts, I question if he also has not closed any other of his shorts.

\$500m on TSLA? How much on GME? 100m shares at \$5/share?

I would like to see someone make a DD estimating conservative number for these two shorting GME.

Buy, Hold, DRS (and Vote)!!! ■■■■■■■■■■
