Is_self: True

"During his trip, MBS met with Oprah Winfrey, Rupert Murdoch, Sergey Brin, Michael Douglas, Morgan Freeman, Richard Branson, Mark Zuckerberg, Jeff Bezos, and Bill Gates, among many others... But while MBS was the face of that effort, an enormous sovereign wealth fund – the Public Investment Fund of Saudi Arabia, or PIF – with about \$US400 (\$513) billion in assets and expected to grow to \$US2 (\$3) trillion, was the real draw for many of the tech, finance, and entertainment elites seeking photos and meetings with the 32-year-old heir to the Saudi throne. Six months later, two planes owned by the Saudi sovereign wealth fund flew a team of assassins from Riyadh to Istanbul, where they murdered Washington Post columnist and Saudi dissident Jamal Khashoggi. At least one of those planes was operating inside the US as recently as October. "

Carlyle investment ceo Rubenstein loves Saudi Arabia and is Investing

<https://english.aawsat.com/home/article/1065396/carlyle-group-chairman-saudi-arabia-will-encourage-more-capital-attraction>

My recent dd connects carlyle with gme and amc.

Tesla and musk have been consistently targeted by short sellers. Interestingly, MBS is heavily invested in tesla rival Lucid motors

<https://www.theverge.com/2020/6/25/21302524/lucid-motors-saudi-arabia-pif-investment-majority-shareholder>

It appears MBS is attempting a takeover of American capital investments and is being helped by inside actors in prominent political, business, and other influential positions around the country.
