Good Evening,

I am in the process of writing a document comparing and contrasting Popcorn and GME.

I have run into a few snags on acquiring some information. The points I'm missing are:

\- Does Kim trust still have a stake in GME? If so, how much?

\- Does microsoft have a partnership with gamestops in regards to how many xboxs they will receive?

\- matt furlong quote turn around that will be discussed in business schools for generations. I would like to quote this directly. Can someone please link that source?

Francis was the key here not furlong.

\- Does Wanda Group have a stake in Popcorn still? If so, how much?

\- Selling shares directly to hedge funds. Popcorn had the capacity to sell shares directly to hedge funds OTC which means the buy pressure to cover their shorts was removed. I believe this is in a 10k/q for one of the three share offerings that AMC did. Contacted Popcorn investor relations and I haven't received anything as of yet.

I do have some things but I'm looking for a 10k/q for the info I want.

Please let me know if you have any questions on what I have asked for. As far as length of the document it is about 90-100 pages now. Thank you for the help.
