I've DRSED GME with this broker once before a while back and it was really quick. This time they sent me multiple paragraphs trying to convince me they don't lend out my shares. Then once I said I still want to DRS they made it very clear that I cannot reach out to them about the shares ever again.

I'm guessing they are getting overwhelmed with requests to DRS this morning after the stock split announcement yesterday, but it still feels like desperation.

Edit: It seems I got through just in time. Lot of posts going up saying the broker won't DRS anymore. I'm guessing they were just overwhelmed with requests.
