So every year my wife and I go on an epic camping trip for our birthdays. Last year we went the week on the sneeze. I was watching my GME sky rocket as I was drinking beer by the fire.

This years trip is being packed into the camper as I type this. We're going to the exact same place as well plus, my anus itching like you wouldn't believe.

Can someone throw me a dude wipe and the keys to my spaceship?

We ride at dawn ladies and gents. LFG
