Ryan Cohen is a very smart guy. The economy has been crashing with zero relief in sight. Melvin is dead but I think (I could be wrong) they will just transfer their shorts to another fund when they shut down. Hedgies are talking tough on TV which means they are insecure and desperate. I was told the game NFT marketplace is due by July 29th. I want my millions this year. If you don't believe in M0A\$\$, that's fine but ape not fight ape.
