Hi Apes, haven't seen this posted anywhere yet so here it is. I was scrolling through YouTube and came across a trailer for Marvel's new series, Ms. Marvel. At 0:47 seconds I saw something that made my jaw drop.

You can clearly see a very similar poster to the one that DFV had hanging behind his head during his congressional hearing on GME in February last year.

We know Immutable X are partners with Disney/Marvel and that they will potentially be putting their NFT's onto the upcoming Marketplace. This helps to confirm that for me.

We are getting closer apes.
