gamestonk was held in a diamond hand town

(short the float so many hedge funds down)

spring summer autumn winter

squeezing their gamma and failing their deliver

off their button to buy (and on the button to sell)

down the stonk, but retail held

from rich to broker where shares were borrowed

the motto became MOASS tomorrow

up and up after double the down

rip the stonk, as hedgies frown

dip rip open close

consequences for what hedgies chose

their in they hang, as they are not a cat

apes, whales hedgeing fiat

with Ryan Cohen, man of the chair

retail holds the fairest share

up and down went the stock (over the months they held)

"it's only been sideways" oneape yelled

rip dip tendies moon

don't sell before too soon

retail called their puts

(as hedgies asked their bids)

the market's weren't made to limit our buys

but this the SEC denies

financing their tendies

as advised their not

should the stonk rocket

after moonshot

puts were married to their calls

as hedgies hope the underlying falls

(up the stonk so short the float)

R.I.P. the stonk the news gloats

buying shares to be delivered yet

(which hedgies still have failed to get)

buy DRS cover must

hands of diamonds which everyape trusts

all by all and deep by deep

and more by more they DRS to keep

the fucking value of this stonk

for which anyape loves to honk

apettes and apes(both tittied and jacked)

wanted accountability which the SEC lacked

reaping their tendies if by then

selling their stonk at MOASS when

\-Dedicated to E.E. Cummings, and any ape or appetite who holds gamestonk.

This is a gamestop inspired rewriting of E.E.Cumming's poem "anyone lived in pretty how town".

I don't know what inspired me to make this but I hope you enjoy it.
