To me this is occupy wallstreet round 2.

I'll never inherit a house or money. I'll never bear children if this system doesnt change, but I'll put all my energy into fcking status quo.

I've been demonstrating during occupy wallstreet in 2008 (?). We didnt accomplish anything and if THIS leads to nothing we'll tear the system down by force. This is **classwar** to me and I think it is to more people than just me.

If this idiots want war, they'll await purgatory, just like the rest of us.

The world is going down the drain and im not willing to watch it burn.

War. This. Is. GME TO MAKE THIS RIGHT.
