Hello!

Glenn C. at 10:47, Jan 6:

Hi, how can I help you today?

You at 10:48, Jan 6:

I have shares of GME in my IRA and Roth IRA accounts. I have direct registered them with ComputerShare, and they currently sit in a custodial account with ComputerShare. Am I a registered owner or am I a beneficial owner of the shares? Do the shares remain under the control of the DTCC or under ownership of Cede & Co?

Glenn C. at 10:50, Jan 6:

Once the shares are held in Computershare, it is directly registered. However, for IRA account it is usually treated as corporate account and only the entity that acts as the custodian can transact.
